

Selected Bibliography for *Call it Sleep*, prepared by Felicia Steele

EN: Every bibliography, by definition, is partial. Within this list, we have critics from Israel, Italy, Spain, and the Czech Republic. I am sure that I have not included all of the international publications that exist, nor have I caught all of the publications printed before 1975. For more bibliographical information, see Materassi (1985) and Young (1979).
